Solutions Spotlight

The Leading Experts in Rock Mechanics
and (XRD) X-Ray Diffraction Analysis

X-Ray Diffraction Analysis (XRD)

- PhD-Level Mineralogy Team
- Superior Resolution Diffractograms
- State-of-the-Science Sample Preparation
- RIR and Rietveld Mineral Quantification
- Trusted Partner with Academic and Research Labs
- Integrated XRD & XRF Workflows

Rock Mechanics:

- Research Grade Instrumentation & Workflows
- Customized Deliverables with Rapid Turnaround
- In-situ Resistivity measurements
- Proprietary Core Prep Technique for Sample Integrity & High Recovery Rate
- Full Suite of Tests Integratable with other Subsurface Parameters
- Highly Qualified Team with Decades of Experience
